

## Refrigerant Gas Price Increase Notification Effective 1<sup>st</sup> June 2017

We have been made aware by our refrigerant suppliers of yet another price increase on refrigerants listed below.

The refrigerant suppliers have explained that multiple production interruptions around the world has impacted heavily on HFC raw materials and HFC refrigerant availability globally.

REFRIGERANT	Increase
High GWP Refrigerants incl R404A, R422D & R507	40%
Medium GWP Refrigerants incl R407A, R437A & R417A	30%
Low GWP Refrigerants incl R407C, R407F, R410A & R134a	20%
